LINCOLN EXPANDS SWING PATIO DOOR HARDWARE SELECTION

New options increase customization opportunities.

Merrill, WI. (April 30, 2008) – Lincoln introduces a new array of Hoppe® hardware options for their swing patio doors including six handles, four backplates and ten finishes. Whether a home is traditional, modern or somewhere in between, customers now have the opportunity to mix and match the options to create a door that fits their style and is truly inspiring.

Lincoln's handles are manufactured using the finest quality brass alloys. The surface of all handles, except Oil-Rubber Brass, is protected by a transparent enamel finish which offers strength and durability as well as a smooth, blemish-free surface. Customers can choose from Lincoln's selection of ten popular finishes including: Polished Brass, Antique Brass, Oil-Rubbed Brass, Matte Black, Satin Nickel, Antique Nickel, Polished Chrome, Brushed Chrome, White, and a **new** color - Faux Bronze.

Lincoln Wood Products, Inc. has been manufacturing high quality wood windows and patio doors for new construction, remodeling and light commercial projects for over 60 years. Based in Merrill, Wisconsin, the privately owned company engineers windows and patio doors for visual appeal as well as outstanding performance and backs it up with exceptional customer service before and after the sale. Lincoln windows and patio doors are marketed through a network of over 400 independent distributors throughout the U.S. For more information visit www.lincolnwindows.com or call 715.536.2461.
